

Smart Power

No need electricity bill;
Easy installation;
Energy saving;
Long life span.

Smart Power

This product is a type of portable micro generation system which is designed for no or lack of electricity area. It can be used at home, outside or commercial area, field operation, camping, breeding industry, farm, night market and agritainment, etc. It also can be used as emergency lighting.

- No need electricity bill;
- Easy installation;
- Energy saving;
- Long life span.

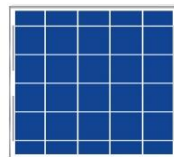

Compact design, small size, convenient to carry.
 Integrated design, mould production, easy installation.
 Using LiFePO4 battery, long service life.
 Anti-dust design, DC output, safe and reliable.
 Integrated packing, easy transportation.

Optional Products

Main-body

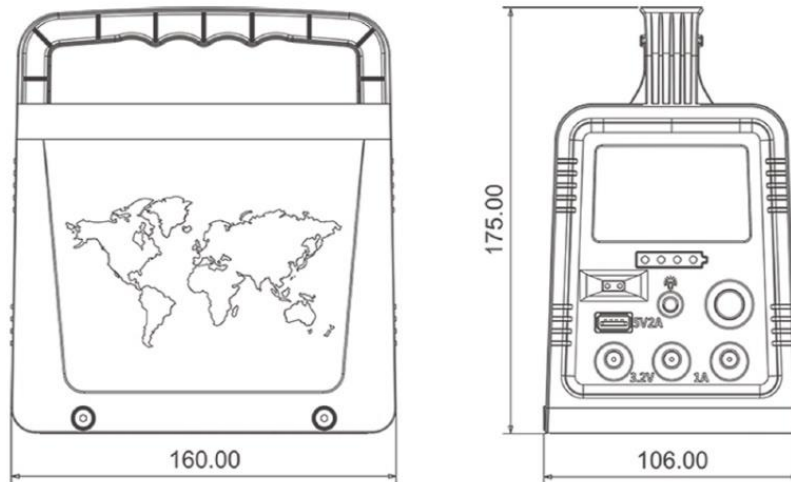

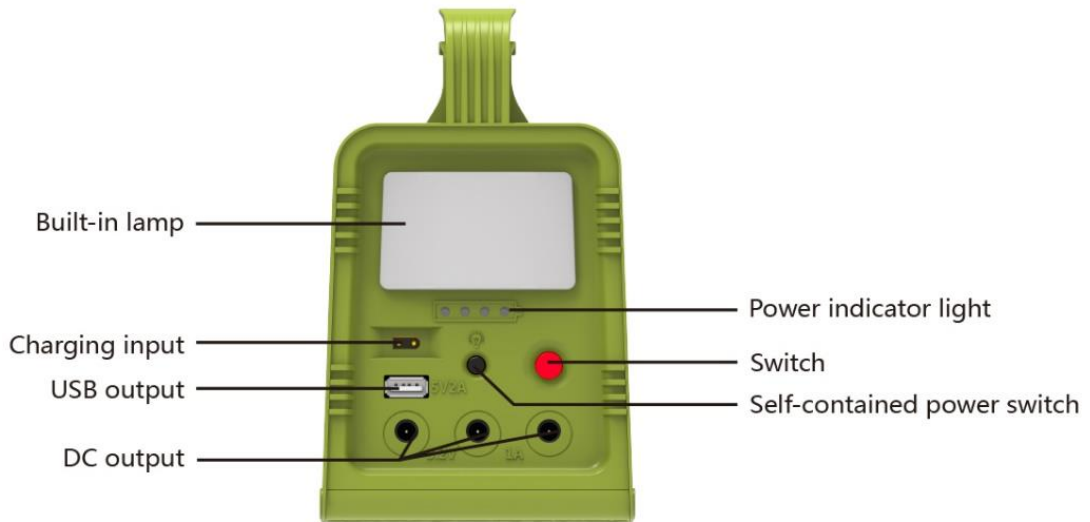

Solar Panel

External Lamps

S-Hook

unit:mm

Technical Parameters

DC output	Three circuits DC output 3.2V
USB output	One circuit output 5V/2A
Battery electric	LiFePO4 battery 42W·h
Battery electric	5V/5W
Built-in lamp	2 Levels, higher power and lower power
Lighting time	One external lamp works 20 hrs;Two external lamps work 10 hrs; Three external lamps work 7 hrs;For the built-in lamp, higher level works 16 hrs and lower level works 32 hrs.
External lamp	Common 6W LED×3pcs
External lamp cable length	3m
Warranty	Battery warranty 5 years
